Council Meets-Teachers Selected.

At the meeting of the City Council last Wednesday night the regular routine of business was gone through with and other business propositions brought up and discussed.

Prof. O. W. Campbell was re-elected principal of the city school; Prof. Tracy, first assistant teacher and Mrs. Pattie Ware was elected second assistant teacher.

Must Serve His Term.

Frank Ball, under sentence of life imprisonment in the penitentiary for the murder of Jack Bolen, at Middlesboro, must serve his life term, the Court of Appeals having affirmed the judgment of the lower court. Ball was the indirect cause of a second man being killed in Virginia, when a posse was trying to effect his capture, after he had escaped from the Richmond jail. Bolen, the man murdered, was a barber and formerly followed his trade in this city. He married a Miss Boone of this county.

A big line of new and up-to-date Post Cards at the Drug Store. They were the first ones to introduce these cards here.

HOME PROSPERITY.

The Dawning of a Better Day for Both Merchant and Farmer.

Much has been said about buying from mail-order houses in Chicago and elsewhere. The press generally has advocated buying at home. This is right and proper for all who have the welfare of their community at heart.

The local merchant pays his taxes into the county treasury, while not a cent of the mail-order house money goes into any fund from which you may derive any benefit.

These mail-order concerns cut a big splurge with their thousand-page catalogues, and in many instances claim that they sell direct from the manufacturer to consumer—making many of these shipments from their own factories. As a matter of fact, we very much doubt whether there is one of them that owns the half of what they claim, and to this extent it is nothing but a plain case of humbugging the people.

The price of any article with freight charges added are in a majority of cases equal to, if not more than, if bought at home. Had the buyer gone to his local merchant, he would have obtained what he wanted and had the satisfaction of patronizing home industry and held a warm friend instead of retaining a doubtful one.

By buying of the home dealer you are increasing the prosperity of the community in general, as all are benefited. The dealer does a better business, is in a position to buy his stock at lower prices, and to sell still cheaper to you. He advertises more extensively in the local papers and places the paper in a position to give you better service.

It is true that merchants do not always treat their farm customers right. They sometimes try to beat down prices on farm produce by buying from outside shippers the things that can just as well be produced at home, and it is no worse for the farmer to send off after goods than it is for the merchant to do it. The merchant in the country should realize that his prosperity depends upon the prosperity of the farmer, and both should realize that whatever they pay out for freight is a loss to home manufacturers.

In fact all classes of people in every community should realize that it is better to co-operate together than to fight each other. The producer of wealth in all lines is the man who must prosper primarily before anybody else can prosper. Then the less we pay for the expense of exchange the more there is for the producers.

Increased wealth means greater revenue from taxes and the burden thereof lightened. Increased revenue brings much needed improvements, good roads and bridges, and better educational facilities. These things are the demands of the day, and whoever buys from mail-order houses is a block to the wheels of home improvements.

To Open Streets.

There is considerable agitation in Clay City to have a number of streets that are now fenced up opened and it looks as if though the matter will be taken to the courts.

When the townsite was surveyed and streets and alleys were marked out on the plat, they reached way out to a limit far from even the present Clay City.

These streets were given to the city. Of course more than half of them were of no value to the city, they were not used nor located. As the town lots depreciated in value they have, a number of them, been bought up by different citizens who have fenced certain portions of these unused streets and are devoting them together with the adjoining lots purchased to private farming purposes, and a great deal of such fencing has been done this Spring. This meets with determined remonstrance in Mechanicsville, and several citizens in that end of the city demand the streets in their section be opened at once, and if it is not done action will be taken to force them open by a ruling of court.

Judge M. A. Phillips has been employed as counsel for those who are demanding the opening of the streets. Suit will be brought in time for trial at the June term of Circuit court, it is asserted, if they are not sooner opened.

While loading a car of boxes from the box factory Tuesday Bennie Moore was badly injured and had one rib broken. An empty car was kicked back by a switching engine when it struck

the car being loaded. A number of boxes were thrown upon Moore with above results.

Closing Exercises.

The closing exercises of the Clay City Graded School will be held during the evenings of the 21 and 22 nights of May, 1907.

The first night will be held in honor of the school, and the second night in honor of the graduating class.

On the evening of the 21 there will be an admission of 15 cents for adults and 10 cents for children. All children who are participating in the exercises, or who have punctual in attendance, admitted free. The funds thus secured will be donated to defray all necessary expense, and the remainder will be set apart for the benefit of the Christian Church.

All are cordially invited to attend. C. W. CAMPBELL, Prin.

Money in Poultry.

The farmers of the country are awakening to the fact that there is profit in a well kept flock of fowls. They are learning that there is more real profit in poultry and eggs than anything else they can produce on the farm, and as profit is what they are after, they are paying more attention to their fowls than in former years. Comfortable houses are now provided where a few years ago the fowls were compelled to roost wherever they could find a place—in the barn, granary, the wagon shed or in the trees. Give her a chance and the little hen will do more toward raising the farm mortgages of the country than any other live stock on the farm. She is doing it right along.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

Awake, Brother Farmer.

In this "land of the free and the home of the brave" one per cent. of the people own 95 per cent. of the wealth, and this one per cent. also owns nearly all the national wealth, such as mines, forests, water power, etc., and are able to tax the rest of us whatever they see fit. They also set the price on all the farmers' produce. They make, or cause to be made, all the laws, for they own and control congress and our legislatures. They pass appropriations for building war ships that we don't need and don't want. Nearly half a billion dollars is taken from the producers every year for war purposes in times of peace. And the producers must pay for it all, because the other fellows have nothing to pay with until they tax the producers in some way to get it. While one per cent. of the people own 95 per cent. of the wealth, they do not owe one hundredth part of the indebtedness. All the debts of the State, county, township, school district, and precinct are and will be paid by the producers of wealth, for the other fellows have nothing to pay with until they get it of the producers, saying nothing of the municipal debts, nor mentioning private indebtedness, nor the indebtedness of corporations, all of which must eventually be paid by the producers; and before they are paid, billions of dollars of interest must be taken from the pockets of the producers. In view of these facts, does it not seem rather necessary for the farmers to get together and put up the price

of the stuff they produce? They should unite, and unite at once, under the banner of the American Society of Equity, and thus be enabled to right the wrongs they have suffered so long.

Some measly competitors will tell you all kinds of stories about shoddy goods, short weights and etc., but come and judge for yourself by giving me a fair trial. Don't knock and tell others if we make a mistake, but tell me and I will gladly do my part to correct same and thank you besides. Don't forget the fact that before I opened my grocery and cut the prices, you got only 14 pounds of sugar for \$1.00, and other goods in proportion. DALVAY.

Chestnut horse 8 by the Commoner (son of Hanover and Margarine by Algerine) dam Levisa by Brutus, second dam Llera by Fonso, third dam Accidenta by Canada. Bred and raced by Talbot Bros., Paris, Ky., and sold as a three-year-old to M. H. Fichenor, of Chicago.

Dalvay's only start as a 2-yr.-old was at Washington Park track, Chicago, on July 14, 1903, when he ran unplaced in a purse race won by Blumenthal with Dunganon second and Martius third. As a 3-yr.-old, however, he was well nigh invincible, being inside the money in each of his starts. With a single break, where he finished second, Dalvay won eight straight races, beating the best horse at the Chicago track. The following is his record for the year 1904:

June 29, Hawthorne—Purse three-year-olds, 6 furlongs—Peter J. Somers 122, won; Dalvay 114, second; Singing Master 114, third; Fourteen Starters. Time, 1:15 2-5 \$85.

July 4, Hawthorne—Purse, three-year-olds, one mile—Ananias 109, won; Dalvay 102, second; Miss Crawford 104, third. Seven starters. Time, 1:41 3-5. \$75.

July 16, Harlem—Purse, three-year-olds and upward, 7 furlongs—Dalvay (3) 93, won; Don't Ask Me (5) 111 second; Comrade (3) 98 third. Ten starters. Time, 1:27 3-5. \$465.

July 21, Hawthorne—Purse 3-yr.-olds 7 furlongs—Dalvay 112, won; Maj. T. J. Carson 112 second; Dell Leath 101 third. Six starters. Time 1:28 3-5. \$500.

July 24, Hawthorne—Purse, three-year-olds and upward, one mile—Dalvay (3) 94, won; Foncasta (3) 89, second; Gregor K. (4) 99, third. Six starters. Time, 1:41. \$400.

Aug. 4, Harlem—Purse, three-year-olds and upward, 1 1-16 miles—Dalvay (3) 102, won; Jake (4) 108 second; Fonsoluea (5) 107, third. Five starters. Time 1:47 3-5. \$400.

Aug. 24, Hawthorne—Purse, three-year-olds 1 mile—Emp. of India 102, won Dalvay 105, second; Foncasta 105, third. Seven starters. Time, 1:43. 75 dollars.

Aug. 29, Harlem—Purse, three-year-olds and upward, 1 mile—Dalvay (3) 106, won; The Lady, aged, 104, second; Peter Paul (3) 98, third. Six starters. Time, 1:40 3-5. Five hundred dollars.

Aug. 31, Harlem—Purse, three-year-olds and upward, 1 mile and 70 yards—Dalvay (3) 96, won; Shawana (3) 86, second; Celebration (4) 99, third. Six starters. Time, 1:42 3-5. 500 dollars.
